

# HOW TO PLAY **POWERBALL**

## 1 What is Powerball®?

Powerball® is a national game that is conducted by NSW Lotteries in NSW and the ACT. Powerball guarantees at least a \$3 million First Division Prize Pool each week. Powerball is known as the big jackpotting game and the First Division Prize has jackpotted to \$80 million.

## 2 So how do you win with Powerball®?

To win Division One you must pick the five winning numbers drawn from 45 balls in one ball drawing machine and the Powerball number - selected from 45 balls in a second ball drawing machine.

## 3 How do you play Powerball®?

Powerball is easy to play! You have the choice of Standard, Systems or Multi-Week entries (which enable you to enter up to 25 weeks in advance). You can complete an entry form or ask a NSW Lotteries agent for an Autopick entry where the numbers are selected at random by the computer. For more chances to win ask for a "MEGAPICK" – there are no entry forms to fill out. There is also an option "POWER45", where every Powerball number can be selected. For example selecting five numbers and all Powerball numbers costs \$31.30. Your agent can provide more details.

### Prize Odds

Division	Required to win in a single game panel	Odds based on 12 games
1	5 winning numbers + POWERBALL	4,581,596:1
2	5 winning numbers	104,127:1
3	4 winning numbers + POWERBALL	22,908:1
4	3 winning numbers + POWERBALL	587:1
5	4 winning numbers	521:1
6	2 winning numbers + POWERBALL	46:1
7	3 winning numbers	13:1
